A. LIBRARY CARDS

1. Resident Card

Library cards are issued free of charge to residents of Wells County who do not live within the city limits of Markle and are valid for three years. Non-residents who pay property and/or personal property tax in Wells County are issued a library card valid for one year. Non-residents need to show tax receipts yearly. All adults are required to show proof of address. Young Adult cards are issued to children ages 12 through 17. Juvenile cards are issued to children ages 4 through 11. Young Adult and Juvenile cards require a parent's signature. These cards have limited borrowing privileges as set by the library director. All cards are renewable at no charge.

2. Non-Resident Card

Non-residents who do not have a Public Library Access Card (PLAC card) may have the privilege of borrowing print and non-print materials by purchasing a Wells County Public Library Card. (See procedure manual.) These fees are non-refundable and cards are valid for either six (6) months or one (1) year. New residents without proof of address may purchase a 6-month card and the fee will be refunded if proof of address is provided within 60 days of the card's purchase.

3. Teacher/Institutional Card

Teachers in Wells County, resident or non-resident, may have a library card for use during the school year only. This same type of card may be issued to nursing homes and other institutions at the discretion of the library director.

6. Out-of-county Internet Cards

Frequent out-of-county Internet users have the option to obtain a special card from the reference desk to be eligible for Internet access. Normally, out-of-county users will be given guest privileges on the public computers.

B. PATRON POLICY FOR YOUNG CHILDREN AND PARENTS

Out of concern for the safety and security of children, the Wells County Public Library implemented this policy:

1. Children under six (6) years of age must be accompanied by a parent or adult caregiver at all times while in the library. Parents may not leave their young children unattended while using other areas of the library or attending meetings.
2. Children ages six (6) and older may use the library unattended as long as they are engaged in activities associated with the use of a public library. Adult caregivers are encouraged not to leave children ages 6 to 10 more than an hour unattended, as their attention spans are limited and they may become bored or disruptive after extended periods of time.

Those responsible for these children should know:

1. A child who is disruptive, who becomes a nuisance, or who is not reading, studying, using library equipment, or playing quietly may be asked to leave the library.
2. If necessary, a library staff member will contact the Police department to report cases of unattended children.
3. In all situations, the parent/adult caregiver who has transported minor children onto the library premises or who has otherwise directed or allowed minor children onto the library premises shall be responsible for the care and safety of those children at all times that the children are on the library premises.
4. The library is not responsible for the care and safety of minor children traveling to and from the library premises.
5. The library staff does not take the place of the parent, act as caregiver, nor assume responsibility for the unattended children.
6. Parents are encouraged to talk to the children's librarian if they have questions or want additional information regarding these policies.

C. PROBLEM PATRON POLICY

The library, recognizing its responsibility to maintain order in the library, has established the following policy for the interaction of staff and problem patrons.

1. Disruptive conduct is not permitted in the library. Disruptive conduct is any behavior that disturbs the normal functioning of the library. The following actions are examples of unacceptable disruptive behavior and may result in eviction from the library. An incident report should be filled out and given to the library director following any problem. Incident forms are available at all circulation desks.
 - Loud talking and laughing
 - Throwing objects
 - Boisterous behavior including running, horseplay, and annoying other patrons
 - Fighting
 - Inappropriate display of affection
 - Threats to others
 - Inappropriate language

2. Possession of firearms, fireworks, or other weapons on library property is not permitted.
3. Loitering is not permitted in the library or on library property. Anyone who sits doing nothing or wanders around for 15 minutes or more without apparent purpose is considered to be loitering. They may be questioned and asked to leave.
4. Dependent children and adults should not be left in the library for more than one hour. Responsible adults will be called to pick up dependent children and adults who remain at closing. If a responsible adult cannot be contacted, a staff member will contact the police department.
5. Library telephones may be used only with the permission of the librarian in charge.
6. Patrons are not permitted in the library without wearing shoes or shirt.
7. Failure to dispose of non-authorized food and drink while in the library.

D. INCIDENT REPORTS

Incident reports should be completed, signed, and given to the director or branch manager when any accident or disruptive behavior occurs. (See Appendix B – Form C)

III. COLLECTION MANAGEMENT POLICY

A. PURPOSE

This policy is established by the Library Board to guide the library staff in the management of the collection and to inform the public of the principles upon which the library makes decisions regarding the development, maintenance, and use of the collection.

B. RESPONSIBILITY

The Library Board delegates to the library director the authority and responsibility for selection and management of all print, non-print, and electronic materials within the framework of this policy. Actual selection and management activities are shared among trained library staff who shall discharge this obligation consistent with this policy and established procedures.

C. ACCESSIBILITY OF MATERIALS

1. All materials selected under the guidelines of this policy are available to the public in circulating or non-circulating collections, within the rules governing the use of such materials.
2. Requirements for responsible use may be applied to certain materials and/or equipment.
3. Special labeling and/or shelving of materials may be used for some collections but is not used for the purpose of restricting access or pre-judging content.
4. Library materials representing a wide range of interests and reading levels are selected to meet the needs of the patrons. The responsibility of choosing from this range of materials rests with the user. Parents/guardians are responsible for supervising their children's use of library materials.

D. SELECTION OF MATERIALS

1. Guidelines

- a. Materials are chosen to enhance the mission of the library and its chosen role in the community.

Mission Statement

"The Wells County Public Library provides the communities it serves with access, knowledge, and growth supporting research, popular interests, and lifelong learning."

- b. Materials should offer opportunity and encouragement for:
 - Pursuing life-long education.
 - Examining all sides of issues.
 - Keeping abreast of new ideas.
 - Becoming informed citizens of the community, the nation, and the world.
 - Improving occupational performance.
 - Using leisure time in the enjoyment and exploration of books and other library materials.
 - Discovering and developing creative abilities.
- c. The library's goal is to provide an information/reference center rather than to establish a scholarly research center.
- d. No attempt is made to collect the complete works of any author/performer/creator.
- e. Multiple copies of works may be obtained in order to fulfill requests within a reasonable time period.

2. Selection Criteria

Materials are selected in accordance with one or more of the following guidelines:

- Artistic, literary, historic, and/or scientific merit
- Availability of shelf space
- Authority and competence of author/artist/producer/editor/director
- Availability of material
- Awareness of significant new trends in literature, technology, and formats
- Clarity and accuracy of information and/or presentation
- Patron requests and/or anticipated popular demand
- Favorable reviews
- Format and durability
- Practical usefulness
- Price, in relation to total budget
- Relationship to existing materials in collection
- Relative importance in comparison with other materials available on the subject.

3. Selection Aids

The following are representative of the many aids used for selection of materials:

- Professional Journals:
Billboard, Booklist, Bulletin of the Center for Children's Books, Horn Book, Library Journal, New York Times Review of Books, School Library Journal, and Voice of Youth Advocates

- Other:
In addition, the following works may be consulted: Best Books for Children, Best Books for Young Adults, Children's Catalog, Fiction Catalog, general periodicals, Public Library Catalog, Recommended Reference Books for Small and Medium-sized Libraries and Media Centers, trade journals, and other authoritative subject bibliographies.
- Textbooks
Textbooks are selected when they meet the selection criteria and assist the library in fulfilling its roles. No attempt is made to purchase textbooks for curriculum support.
- Electronic Information Resources
Providing connections to global information services and networks is not the same as selecting and purchasing materials for a library collection. Determining the accuracy or authenticity of electronic information may present special problems. Some information accessed electronically may not meet a library's selection or collection development policy. It is, therefore, left to each patron to determine what information is appropriate to his/her needs.

E. GIFTS

Gifts are accepted with the understanding that they will be evaluated with the same criteria used for purchased materials. The library retains the authority to accept or reject gifts and to make all decisions as to their use, housing and final disposition. Gifts that are not consistent with the library's needs and standards will be given to the Friends of the Wells County Public Library.

F. DISCARDING AND REPLACEMENT OF MATERIALS

1. In order to maintain a vital collection that meets the needs of our community, examination of materials is an ongoing process. An item may be discarded when it is:
 - Obsolete or outdated
 - Worn beyond use
 - Damaged
 - No longer circulating and/or used for reference purposes
 - One of many copies of a formerly popular title
2. A discarded item may be replaced with another copy of the same title or another work on the same subject.
3. Aides used in discarding:
Public Library Catalog, Fiction Catalog, Children's Catalog, Best Books for Young Adults, Recommended Reference Books for Small and Medium-Sized Libraries and Media Centers, Evaluating and Weeding Collections in Small and Medium-Sized Public Libraries, and Continuous Review Evaluation and Weeding.

G. RECONSIDERATION OF LIBRARY MATERIALS PROCEDURE

1. The *Library Bill of Rights* is adopted as part of the Collection Management Policy which states in part:

“Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation ... Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.”

2. The library serves people from all walks of life with a variety of viewpoints and tastes. Materials are chosen to meet these diverse needs and are guided by this Collection Management Policy. The library will review the selection of a specific item upon the formal request of a patron. Patrons placing such a request must complete the “Request for Reconsideration of Library Materials Form.” (See Appendix B – Form G) The library director will send a written reply within four weeks and will report to the Library Board.

This policy will be reviewed periodically to ensure that it is responsive to the changing needs of the library and of the general community.

I understand no video/DVD may be duplicated or admission charged for any showing. I will follow the law and rules as described releasing the Wells County Public Library from all liabilities as regards my use and the copyright laws."

"To perform a video or DVD at a place open to the public or at any place where a substantial number of people outside a normal circle of a family and its social acquaintances are gathered" is considered a public performance and prohibited.
3. Young Adult card-holders may borrow educational movies without signing the agreement.

VI. INTERNET USE POLICY

The Wells County Public Library serves our community as an information agency and independent learning center. It is within this context that we offer access to the Internet.

A. Internet Use is available to the following:

1. Adult library cardholders (ages 18 and older) who have read and acknowledged this Internet policy.
2. Young Adult cardholders (ages 12-18) who have a signed parental permission (witnessed by a staff member).
3. Children (under age 12) under constant supervision of a parent or legal guardian who has Internet privileges.

B. Rules for Internet use:

1. **All users must have their library card.**
In order to insure patron privacy, it is the responsibility of the cardholder to have their card number and PIN in order to log on to the Internet computers. Proper identification must be provided to the reference staff to obtain this information.
2. **Use is on a first come, first serve basis.**
Users are usually limited to one half-hour unless no one else is waiting.
3. **The Internet computers are not filtered.**
No programs have been installed to screen or block particular sites. It is the user's responsibility to make appropriate choices when accessing sites. As with other library materials, it is up to the parents, not the library, to provide guidance and supervision when it comes to their children's use of the Internet.
4. **The library itself does not provide electronic mail (e-mail) service.**
Users may access e-mail through e-mail providers such as Yahoo, Hotmail, N2mail, and other similar services.
5. **Uploading and downloading of files.**

Patrons may upload and download files to/from floppy and flash drives to the extent that the patron's knowledge and our secure system will allow. The library is not responsible for information lost in this process.

6. The user is responsible for all pages printed.

Printing Internet pages is unreliable and unpredictable. The result may not be as the user expects. The library is not responsible for user mistakes. To minimize costs for the user and the library, users are encouraged to cut and paste Internet information into a word document for organizing before printing.

Regular resident and paid cardholders receive a 50¢ printing credit per day. Additional prints are 10¢ each (b/w) and 50¢ each (color). Guest and out-of-county users receive no free prints.

7. Computers will be used for educational, informational, and recreational purposes only, not for unauthorized, illegal, or unethical purposes. Users may not send, receive or display text or graphics that may reasonably be construed as obscene. Explicit or pornographic sites are among sites considered inappropriate.

8. Misuse of the library computer or Internet access will be determined by the library staff and will result in loss of Internet privileges.

9. Patrons' use of the public Internet stations should not be considered private. The computers are in public view and search history may be available to subsequent users and staff.

C. Wireless Access

1. The Wells County Public Library also provides public wireless access to the Internet in the Main library facility during normal business hours.

2. Patrons must provide their own computer and wireless network cards to connect to the public wireless. Technical support will not be available to users.

3. Users of the wireless access are subject to the terms of this policy.

4. A library card is not needed to use the wireless network.

5. The library is not responsible for any information that is compromised, or for any damages caused to your hardware or software due to electrical surges, security issues, or consequences caused by viruses or hacking. Patrons need to be aware that wireless networks are inherently insecure and it is strongly

recommended that they secure their computers with up-to-date virus protection and firewall software.

6. **Printing is available.** The same rules and fees apply as above. See B-6. If you do not have a library card, you must obtain a guest account from the reference desk to print.

D. Disclaimer:

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. With international access comes the availability of materials that would not generally be acceptable in a public library. It is technically impossible to prevent access to all resources that might be objectionable to some people.

Information available through the Internet is not warranted by the Wells County Public Library to be accurate, authoritative, factual, or complete. The Wells County Public Library will not be responsible for any damages, losses, claims, obligations, or liabilities directly or indirectly relating to the use of the Internet. This includes loss of data, non-deliveries, misdeliveries, or service interruptions caused by negligence, error, or omission. Use of any information obtained via the Internet is at the user's own risk.

E. Library Staff Assistance:

The staff cannot provide in-depth training but may be able to offer searching suggestions and answer questions when time allows.

VII. MEETING ROOM POLICY

A. GENERAL STATEMENT

The room is also open to local business groups for training or instruction sessions when such use does not conflict with educational activities.
2. Religious groups may use the meeting room but are prohibited from conducting worship services.
3. The fact that a group is welcome to meet in the library does not in any way constitute the library's endorsement of the group's policies, beliefs, or activities. Non-library groups must take care not to imply library endorsement or sponsorship in their promotional material.
4. No selling programs may be conducted unless sponsored by the Library Board of Trustees or Friends of the Wells County Public Library.
5. Children and young adult groups are encouraged to use the library meeting rooms for group activities; one or more adult sponsors must supervise them.
